Image of the Month: Titanium on the CX-300

Get up close with titanium like never before! Captured using the Coxem CX-300 SEM, this striking micrograph reveals the intricate grain structure of titanium in stunning clarity. The CX-300 delivers precision imaging for materials science and industrial research applications.

Demo Equipment Year-End Sell-Off

A screenshot of a spreadsheet listing various microscope models and their specifications. The spreadsheet has columns for model name, specifications, and price. The rows are color-coded: blue, green, yellow, and red.

Looking to add powerful imaging tools before year-end? Don't miss our Demo Equipment Sell-Off—featuring fully tested, manufacturer-certified systems available for delivery before December 31. Quantities are limited!
